

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 13-109]

NASA Federal Advisory Committees.

AGENCY: National Aeronautics and Space Administration.

ACTION: Annual Invitation for Public Nominations by U.S. Citizens for Service on NASA Federal Advisory Committees.

SUMMARY: NASA announces its annual invitation for public nominations for service on NASA Federal advisory committees. U.S. citizens may nominate individuals and also submit self-nominations for consideration as potential members of NASA's Federal advisory committees. NASA's Federal advisory committees have member vacancies from time to time throughout the year, and NASA will consider nominations and self-nominations to fill such intermittent vacancies. NASA is committed to selecting members to serve on its Federal advisory committees based on their individual expertise, knowledge, experience, and current/past contributions to the relevant subject area.

DATE: The deadline for NASA receipt of all public nominations is October 1, 2013.

ADDRESS: Nominations and self-nominations from interested U.S. citizens must be sent to NASA in letter form, be signed, and must include the name of specific NASA Federal advisory committee of interest for NASA consideration. Nominations and self-nomination letters are limited to specifying interest in only one (1) NASA Federal advisory committee per year. The following additional information is required to be attached to each nomination and self-nomination letter (i.e., cover letter): (1) professional resume (one-page maximum); (2)

professional biography (one-page maximum). Please submit the nomination as a single package containing cover letter and both required attachments electronically to:

[hq-nasanoms@mail.nasa.gov](mailto:hq-nasanoms@mail.nasa.gov). All public nomination packages must be submitted electronically via email to NASA; paper-based documents sent through postal mail (hard-copies) will not be accepted. NOTE: Nomination letters that are noncompliant with inclusion of the three (3) mandatory documents listed above will not receive further consideration by NASA.

FOR FURTHER INFORMATION: To view charters and obtain further information on NASA's Federal advisory committees, please visit the NASA Advisory Committee Management Division website noted below. For any questions, please contact Ms. Marla King, Advisory Committee Specialist, Advisory Committee Management Division, Office of International and Interagency Relations, NASA Headquarters, Washington, DC 20546, (202) 358-1148.

SUPPLEMENTARY INFORMATION: NASA's six (6) currently chartered Federal advisory committees are listed below. The individual charters may be found at the NASA Advisory Committee Management Division's website at <http://oiir.hq.nasa.gov/acmd.html>:

- *NASA Advisory Council* – The NASA Advisory Council (NAC) provides advice and recommendations to the NASA Administrator on Agency programs, policies, plans, financial controls, and other matters pertinent to the Agency's responsibilities. The NAC consists of the Council and eight (8) Committees: Aeronautics; Audit, Finance and Analysis; Commercial Space; Education and Public Outreach; Human Exploration and Operations; Information Technology Infrastructure; Science; and Technology and Innovation. NOTE: All nominations for the NASA Advisory Council must indicate the specific entity of interest, i.e., either the Council or one of its eight (8) Committees.

- *Aerospace Safety Advisory Panel* – The Aerospace Safety Advisory Panel provides advice and recommendations to the NASA Administrator and the Congress on matters related to safety, and perform such other duties as the NASA Administrator may request.
- *Applied Sciences Advisory Committee* – The Applied Sciences Advisory Committee provides advice and makes recommendations to the Director, Earth Science Division, Science Mission Directorate, NASA Headquarters, on Applied Sciences programs, policies, plans, and priorities.
- *International Space Station (ISS) Advisory Committee* – The ISS Advisory Committee provides advice and recommendations to the NASA Associate Administrator for Human Exploration and Operations Mission Directorate on all aspects related to the safety and operational readiness of the ISS. It addresses additional issues and/or areas of interest identified by the NASA Associate Administrator for Human Exploration and Operations Mission Directorate.
- *International Space Station (ISS) National Laboratory Advisory Committee* – The ISS National Laboratory Advisory Committee monitors, assesses, and makes recommendations to the NASA Administrator regarding effective utilization of the ISS as a national laboratory and platform for research, and such other duties as the NASA Administrator may request.
- *National Space-Based Positioning, Navigation and Timing (PNT) Advisory Board* – The National Space-Based PNT Advisory Board provides advice to the PNT Executive Committee (comprised of nine stakeholder Federal agencies, of which NASA is a member) on U.S. space-based PNT policy, planning, program management, and funding

profiles in relation to the current state of national and international space-based PNT services.

Patricia D. Rausch  
Advisory Committee Management Officer  
National Aeronautics and Space Administration
